VISITORS:

- No visitors provided any updates.

FINANCE:

- Discussion was held regarding the current consumption rates of single EDU locations throughout the Borough. Reporting was provided showing 42 locations that used 25,000 gallons of water or more in the 3rd quarter of 2017. Council requested the Borough Manager to follow up with our Engineering team to determine the current value of an EDU.
- The following statistics were provided by Hanover:

- Current EDU value for water is 172 gallons per day based on 65 gallons per day and 2.65 persons per household. Quarterly this equates to 15,480 gallons.
- Current EDU value for sewer is 239 gallons per day based on 90 gpd and 2.65 persons per household. Census determines the average household size and Act 57 governs the usage rates.
