

ChristianaCare West Grove Campus eNews

October 2023

Hello Southern Chester County Friends!

Fall has arrived, and harvest season is in full swing in southern Chester County. This is a great time of year for healthy activities outdoors—especially at the many farms, orchards and pumpkin patches that make this an extra-special place to live this time of year. It's also festival season, and our ChristianaCare team enjoyed seeing many of you at the Kennett Square Mushroom Festival.

We are pleased to share with you these updates about our West Grove Campus as well our other activities in southern Chester County community. We look forward to your feedback as we continue to send periodic updates.

All the best,

Heather Farley, M.D.

*Chief Wellness Officer and Clinical Leader,
West Grove Planning*

Doug Azar

*Senior Vice President
Strategic Clinical Integration*

Yusof Norman, lead security officer, and Jeffrey Grant, facilities technician, are onsite at the West Grove campus.

West Grove Campus Update

Activity continues on our West Grove Campus as we make steady progress toward our targeted goal of opening in late 2024. Recent activities include:

- Site surveying and facility design, as we work to align the needs of the new neighborhood hospital with the existing structure and determine the footprint of the new facility.
- Planning the IT infrastructure for the facility.
- Developing and testing staffing models.
- Meeting with insurance carriers to accept an array of insurance plans.

We are enormously grateful for the funding we have received from Chester County and the Commonwealth, which will help develop the neighborhood hospital.

Getting to Know One Another

We've been out and about engaging with our wonderful neighbors at various community events the past several weeks. Members from our [Community Health](#) team attended the First Friday event at Oxford. And several providers from ChristianaCare [Primary Care at Kennett Square](#) and [Sports & Lifestyle Medicine at Concord Health Center](#) were on hand to meet people at the Mushroom Festival.

Is your group or organization interested in a presentation about topics such as heart health, stroke or women's health?

Just let us know. We'll happily connect you with an expert from ChristianaCare on a wide array of topics to speak at an upcoming event or meeting. [Learn more here.](#)
